Python Full Stack Developer

CAREER SUMMARY

Results-driven Python Full Stack Developer with over a year of experience in designing, developing, and maintaining dynamic web applications. Proficient in Python, with expertise in frameworks like Django and REST. Skilled in both frontend and backend development, along with efficient database management. Passionate about leveraging modern technologies to build scalable and high performance solutions. Strong collaborator, adept at working with cross-functional teams to deliver user-focused applications.

EXPERTISE

Programming and Development | Web Development | Full-stack web application development using Django and Rest API | Web application development using PHP Laravel | Responsive UI/UX design | ERP management | Project management | Development Tools & Version Control - Git | GitHub | VS Code | Postman | PyCharm

COMPETENCIES

Python | Django | Rest API | PHP | Laravel | SQL | PostgreSQL | JavaScript | Ajax | HTML | CSS | Bootstrap

PROFESSIONAL EXPERIENCE

PYTHON FULL STACK DEVELOPER | Tinos Software and Security Solutions LLP | Kochi, Kerala

Aug 2023 – Present

- Designed, developed, and deployed scalable web applications, ensuring high performance, security, and seamless functionality.
- Specialized in full-stack development using Python, Django, REST APIs, and JavaScript, focusing on scalability, security, and performance optimization.
- Developed and integrated AI-driven solutions, e-commerce platforms, educational websites, and organizational portals to enhance user engagement and functionality.
- Collaborated with cross-functional teams to analyze requirements, design system architectures, and implement robust solutions that align with business needs.
- Optimized database structures and queries to improve efficiency and reduce response time in high-traffic applications.
- Ensured adherence to best coding practices, version control (Git), and CI/CD pipelines to streamline deployment processes.
- Key Projects : <https://tinossolutions.in/> | <https://corporaone.com/> | <https://samrambhamonline.com/> | <http://auth.aegis.tinossolutions.in/> | <https://alapattifashion.com/> | <https://conventualsindia.org/> | <http://badgerskillsinternational.com/> | <http://tarininggurus.org/> | <http://livejob.in/> | <http://classicuae.com/> | <http://greenlandparticleboard.com/> |

JUNIOR PYTHON FULL STACK DEVELOPER | JIC IT Solutions Pvt Ltd | Ernakulam, Kerala

Feb 2023

- Developed and maintained web applications using Python, Django, and JavaScript, ensuring high performance and functionality.
- Worked on both frontend and backend development, implementing responsive user interfaces and robust server side logic.
- Optimized database queries and structures to improve performance and scalability.
- Collaborated with cross-functional teams to design, develop, and deploy user-friendly and scalable applications.

PYTHON INTERNSHIP | Soften Technology | Kochi, Kerala

Apr 2023

Completed a Python Development Internship, gaining hands-on experience in building web applications. Worked with Django, Rest API, and database management, while enhancing coding, debugging, and problem-solving skills. Collaborated with teams to develop and optimize software solutions.

CERTIFICATIONS

Python Full Stack Development | Soften Technologies | Kochi, Kerala

EDUCATION

BACHELOR'S DEGREE | BCA | IHRD | Nadapuram, Kochikode
PLUS TWO | Science | Kayenna, Kozhikode
SSLC | Perambra, Kozhikode
